CATERING & EVENTS 

SPRING-SUMMER COLLECTION

Twice a year our culinary team releases new catering dishes for our Seasonal Collections. The following pages feature our latest creations, most popular items from recent releases and perennial favourites to give you an idea of the breadth and depth of our offerings. Based on our conversation with you, we'll develop and propose a custom curated menu for your event that is balanced both in flavour and nutrition. We often recommend mixing and matching collections within the same season and can always dig deeper into the catalogue to find the right fit for you and your event. Contact us for a free consultation to get started.

DIETARY REQUIREMENT

Many of these items have vegetarian, gluten free and vegan alternatives. We are happy to accommodate any individual allergy or dietary requirement you or your guests may have. Please note that although we make every effort to accommodate guests with allergies we are not an allergen free facility and cannot guarantee that there will be no cross contamination.
